

Curriculum Vitae

Dr. Thomas Wittmann

Chief Executive Officer – Lufthansa Systems GmbH & Co. KG

Dr. Thomas Wittmann, born in 1966, has been Chief Executive Officer (CEO) of Lufthansa Systems GmbH & Co. KG since July 1, 2019. Lufthansa Systems is one of the world's leading airline IT providers. The company provides a comprehensive portfolio of consulting and IT services for the global aviation industry. In his capacity as CEO, he is responsible for all Production & Technology topics within the company as well as the close cooperation with the Lufthansa Group IT.

Thomas Wittmann began his career in the Lufthansa Group in 1995 at Lufthansa Systems. In his more than 20 years with the aviation group, he has held various IT management positions in Commercial Solutions and Operations Solutions as well as in technical domains. He has also overseen major IT transformations as a project manager, including the implementation of a modern passenger service system. Most recently, as Head of IT Domain Digitalization, Innovation & Architecture at the Lufthansa Group, he was responsible for cross-functional IT solutions and architecture topics.

Thomas Wittmann completed his studies at the University of Dortmund as a physicist and subsequently received his doctorate from the University of Bremen.
