Copa Holdings relies on Lido Data Solutions and Lido Pilot Solutions from Lufthansa Systems

- The Latin American provider of airline passenger and cargo service opts for Flight Operations Solutions, Lido FMS, and Lido mPilot
- Lufthansa Systems' industry-leading navigation data enables airlines to increase safety and reduce workload
- Copa Airlines, subsidiary of Copa Holdings, S. A, and a member of the global Star Alliance network, has been recognized for the seventh consecutive year as the "Best Airline in Central America and the Caribbean" by Skytrax, and as "Best Airline Staff in Central America and the Caribbean"

Raunheim / Panama City, November 21st, 2022. Lufthansa Systems and Copa Holdings, through their two principal operating subsidiaries, Copa Airlines and AeroRepública, have signed a partnership on the use of Lido FMS and Lido mPilot. Lufthansa Systems' Lido Pilot Solutions and Lido Data Solutions provide Copa Holdings with the highest quality of complete and customizable aeronautical data and navigation solution, in the most efficient way. Therefore, it enables maximum operational efficiency and safety.

Lido FMS provides airlines with precise in-flight navigation data which is fundamental to flight safety. By using the onboard flight management system, pilots can always access flight-relevant information and plan their routes accordingly. Lido FMS holds EASA Service Provider Certificate Type 1 (FAA accepted) and is compliant with relevant industry standards such as RTCA DO-200, RTCA DO-201 and ARINC 424. Providing pilots with all the necessary navigation charts, documents, and messages on their device, Lido mPilot is an all-in-one navigation solution. The Lido charts are generated directly from the certified Lido FMS navigation database and meet the highest standard of precision and quality. The charting standard was developed by navigation experts in collaboration with pilots, licensed dispatchers, and IT specialists. The solution is designed to increase pilots' situational awareness.

"Safety is our top priority", said Daniel Gunn, Senior Vice-President of Operations, at Copa Holdings. "With Lido FMS and Lido mPilot we have chosen two solutions that maximize safety and operational cost savings, while enabling the use of latest technology in our flight operations."

"We are pleased to have Copa Holdings as a new customer, expanding our presence in Latin America", said Genaro Zarazúa, CEO of Lufthansa Systems Americas, Inc. "We are convinced that the solutions, Lido FMS and Lido mPilot, will assist Copa Holdings in controlling its navigation processes digitally and efficiently and thereby in growing its business."
